KEY D-T-M DIRECT TO METAL LOW VOC COMPLIANT

Key D-T-M is a high build, direct to metal primer/surfacer. Excellent corrosion resistance properties when applied to any bare metal, therefore, eliminating the pre-treatment primer step. KEY D-T-M has excellent adhesion to cold rolled steel, aluminum, galvanized, galvaneal, body filler, fiberglass and SMC. Excellent leveling features and sands easily without loading sandpaper. Its medium gray color and superior chemical resistance eliminates the need for primer sealer in many applications. Remove all contaminants with KEY90 and KEY93 before applying.
